

Notification of the Central Committee on the Price of Goods and Services

No. 105, B.E. 2562 (2019)

Regarding Prescription of Rules and Conditions for Palm Oil in Storage Tank

Whereas the Central Committee on the Price of Goods and Services already issued the Notification of the Central Committee on the Price of Goods and Services No. 53, B.E. 2562 (2019) regarding Determination of Goods and Services under Control dated 3 July B.E. 2562 (2019), prescribing the oils and fats obtained from plants and animals (edible or inedible) to be the controlled goods.

Whereas the Central Committee on the Price of Goods and Services passed the resolution on 22 August B.E. 2562 (2019), prescribing guidelines on the management and control of the stock of palm oil by installing the gauge for measuring the volume of palm oil contained in a storage tank which can be used for measuring the volume of the level of palm oil contained in the storage tank at all times, and being required to comply with the rules, procedures, duration, methods and conditions as stipulated by the Secretary-General of the Central Committee on the Price of Goods and Services, in order to monitor the movement of the volume of palm oil for prevention of smuggling, including being able to quickly supervise and manage the stock of palm oil throughout the country.

By virtue of Section 9 (2) and Section 25 (3), (4) of the Price of Goods and Services Act, B.E. 2542 (1999), the Central Committee on the Price of Goods and Services therefore issues this Notification, as follows.

Article 1. This Notification shall come into force in all areas of the Kingdom for the period of one year as from the day following the date of its publication¹, except for there being the issuance of a new notification.

¹ Published in the Government Gazette, Volume 136, Special Part 278 d, Page 43, dated 13 November B.E. 2562 (2019).

Article 2. The person who takes the possession of the storage tank of palm oil, whether or not taking such possession as an owner, and stores the palm oil as usual, is required to proceed or cooperate with the Department of Internal Trade in installing the gauge for measuring the volume of palm oil contained in a storage tank which is precise, creditable and standard, and can be used for measuring at all times. The rules, procedures, duration, methods and conditions for compliance shall be in accordance with the stipulations made by the Secretary-General of the Central Committee on the Price of Goods and Services.

Given on the 2nd Day of October B.E. 2562 (2019)

Jurin Laksanawisit

Minister of Commerce

Chairperson of the Central Committee on the Price of Goods and Services
