Central Bureau of Weights and Measures 1/1985

Notification

Re: Reassignment Procedures and apply for the sixth type of weighing scales imported into the Kingdom.

It turns out that the order was introduced or imported into the Kingdom, which weighs Type 6, a single instrument, which is wrong to be under the Ministerial Regulation No. 9 (1984) issued in accordance with the provisions of the Weighing Measures. 1923, dated March 29, 1984. Banda brought the machine. To sell or use in commercial. This is a violation of law, therefore, to prevent any offense. And to ensure the proper functioning of the staff. Director-General of the Department of Commercial Registration Head of Central Bureau, Weights Scale The announcement is made as follows.

1. Any person who wishes to order or import into the Kingdom the sixth type of scales for single use in professional and scientific purposes. Apply for permission to Central Offices. Department of Commercial Registration is case by case.
2. Except in the case of Clause 1, the central office shall have a weighting measure. The Department of Commercial Registration will not consider allowing anyone to order or import into the Kingdom a single Type 6 scales for distribution or commercial use in the event of orders or orders.
 - (1) The scales were ordered or brought into customs. Central Bureau of Weighing Measures will not allow the removal of such equipment from the customs house.
 - (2) In cases where the balance has been ordered or imported through a customs house, the officer shall seize it.
3. In the event of a problem under Clause 1 or Clause 2, the Head of the Central Office shall be considered individually.

From now on.

Given on the 7th Day of August B.E. 2528
